TRANSCRIPT AUTHENTICITY

- * Coursework shown on transcript reflects all OSU courses attempted.
- * Transcripts for most students last enrolled since Autumn Quarter 1985 will be laser printed from our automated records systems in portrait format. A transcript will be official when it bears the facsimile signature of the university registrar and the university seal in black ink. If the transcript was issued to the student, the message, "Official Transcript Issued to Student" will appear in the right margin of each column in the body of the transcript. The transcript form will be in red and will incorporate a background design of the university seal.
- * Transcripts for most students last enrolled prior to Autumn Quarter 1985 will be photocopied from a hard copy permanent academic record in landscape format. A transcript will be official when it bears the machine signature of the university registrar, raised university seal and date of issuance in blue ink. Transcript background will be white. If the transcript was issued to the student, the message, "Official Transcript Issued to Student" will appear in red ink.
- * Should further clarification be required in determining transcript authenticity or in interpreting college and departmental abbreviations, the course numbering systems and the grading system, please contact the Office of the University Registrar.

ACCREDITATION

The Ohio State University (Columbus, Lima, Mansfield, Marion, Newark and the Agricultural Technical Institute, Wooster, Ohio) is accredited by the North Central Association of Colleges and Secondary Schools as a degree-granting institution at the associate, baccalaureate, masters, professional and doctoral levels.

CALENDAR

- * The quarter system replaced the semester system in Autumn Quarter 1922 university wide.
- * The semester system replaced the quarter system for the College of Law in Autumn Quarter 1984. All post 1984 Law coursework is reported in semester format.

GOOD STANDING/PROBATION/DISMISSAL

To remain in good standing an undergraduate must maintain a 2.0 point hour ratio. Probation is posted as formal notice that a judgement on the dismissal of a student will be made the subsequent quarter based on satisfactory progress that quarter. Students may be placed on probation by accumulating a deficiency of 15 or more credit points below that required for a 2.0 point hour ratio or by special action of the college when preparation, progress, or the success with their Academic Program is determined to be unsatisfactory. When students do not make satisfactory progress in meeting the conditions placed by the college or school probation, they are dismissed. Dismissed students are ineligible to reenroll until reinstated by any college or school.

GRADUATE CREDIT

All courses appearing once the student enters the Graduate School carry credit toward a degree and are calculated in the graduate totals except where a "U" appears to the left of the credit hours notation for a course. The "U" indicates the course was taken for undergraduate credit only and does not affect the calculation of the Graduate School totals.

HONORS CREDIT

An "H" prefix to the course number indicates an honors course or honors version of a course (effective July 1969).

TECHNICAL CREDIT

A "T" prefix indicates a technical course which is part of a two year technical program. Some credit may later be transferred to a baccalaureate degree and are recorded (effective September 1972).

RECALCULATION OF AVERAGES

SUBSTITUTION OF MARKS: Before the end of the Sophomore year, an undergraduate student who has received a grade of D+, D or E in a course or courses taken during his freshman year may repeat or substitute up to 15 credit hours. The course or courses being substituted or repeated will bear the symbol "#" to the left of the grade. The previous course's grades are printed as #+ or #D+ for the D+; #D for the D; and #E for the E. Both the original course and grade and the new course and grade appear on the transcript; however, only the new grade counts toward hour totals and cumulative point hour ratios (effective September 1973).

CUMULATIVE INFORMATION RECALCULATED:

An undergraduate who re-enrolls in the University after an absence of five or more years may petition to have his/her point hour ratio recalculated. If the petition is approved, the student resumes his academic program with no cumulative point hour ratio. All courses taken will remain on the permanent record but only courses with marks of "A", "A-", "B+", "B", "B-", "C+", "C", "C-", "EM", "K", "PA", or "S" will be allowed toward degree requirements and count in the total hours earned (effective June 1979). A graduate student who re-enrolls in the Graduate School after an absence of five or more years may petition that previous graduate credit not be counted toward the total earned hours and graduate cumulative point hour ratio. No previous credit hours count in the student's total earned hours, averages, or apply toward graduate degree requirements; and no previous grades are computed in the student's graduate cumulative point hour ratio. All previous courses taken and grades earned in the Graduate School remain on the student's official permanent record (effective September 1981).
