

19 June 2009

Dear Keith,

Over the last nine years, you've brought many wonderful memories and traditions to middle school for both students and teachers. We all know that the middle school years can be tough for students, and equally difficult for teachers and parents. But you've always found ways to make us smile, give us reason to laugh and build relationships to lean on when the going gets tough. It is your constant attention to each and every one of us, as learners, as members of a community and as whole human beings, that makes your departure so sad for many of us.

Your knowledge of kids and education is easily apparent in your interactions with students. They have always found you approachable and friendly, coming to you not only with problems, but also to simply share in their accomplishments. They fondly recall class trips with you and notice with appreciation that you attend their extracurricular games and performances.

Your strengths as an administrator are equally recognized among the Middle School staff. You have always allowed our voices to be heard on all topics that affect students and teachers alike. We feel comfortable expressing our professional opinions knowing that you not only value us as educators, but respect us as professionals. You've supported the many initiatives we've developed to benefit our students, but most importantly, you've provided us with opportunities to grow together as a staff. We take pride in knowing that our staff is recognized by others as close knit and happy to be working together.

It is these relationship and administrative skills that you possess that make us confident you will be successful in your next position as teacher mentor. We wish you the best of luck and know that you will contribute immensely in this area at CNG.

It is with a poignant sense of melancholy that we witness your departure from the Middle School. Know always that we will keep you in our hearts and we eagerly hope that you will remain an important part of our lives.

With much love,

Kaleroy Zervos

Dr. B.: Para un ser tan especial.
