I certify:

As a board member of the Santa Marta Bilingual School, as President of the Parent Council, I can assure that Dr. Keith Bookwalter fully exercised his functions during the time he served as rector of this educational community, proving to be a great human being with exceptional academic qualities, knowledgeable of the common problems that plague our students in education.

He proved to be very receptive and open to dialogue and understanding, with a commitment to service.

Truly

Jorge Luis Lascano Torres
